Subject: Salary Increment Request Letter.

Dear Mr. Rajubhai Patel,

I am writing to ask for a formal review of my current salary and to talk about possibilities of a salary increase. I have been a senior hardware engineer at Harsha Engineering for five years, contributing to several successful projects and taking on leadership roles in cross teams.

Considering my extensive experience, consistent track record of performance, and the current market value for a senior Hardware Engineers in our industry, a salary adjustment is warranted to reflect my contributions and the current economic landscape.

Thank you very much for considering my request.

Sincerely,

(Dhruv Prajapati)

(Odhav Ahmedabad).
